Step 1:  
Find these words

|              |             |
|--------------|-------------|
| attack       | impersonate |
| authenticate | keyexchange |
| decrypt      | malicious   |
| eavesdrop    | security    |
| encrypt      | signature   |
| glitch       | thwart      |
| hack         | trust       |
| hash         | verify      |

Step 2:  
Blot out letters of each word

Step 3:  
Write out the remaining letters  
(left to right, top to bottom)

Step 4:  
Follow the instructions!
